1. **Scope.** The provisions of this article govern the disposition of enlisted members of the Regular Navy or Navy Reserve disenrolled from the Military Academy, the Air Force Academy, or the Coast Guard Academy. Policy and procedures governing the disposition of midshipmen disenrolled from the Naval Academy are contained in MILPERSMAN 1531-020.
2. **Member's Status.** Members disenrolled from a service academy, except for reasons of acceptance of commission, physical disability, or for reasons which reflect a lack of potential for further military service, shall revert to their former enlisted status. Members so reverted to enlisted status shall continue in such a status for the remainder of their enlistment, or for the remainder of their obligated service (OBLISERV), as applicable, unless sooner discharged.
3. **Computing Time Served**
  - a. In computing the unexpired portion of an enlistment contract or period of OBLISERV, time served as a cadet or midshipman shall be counted as time served under such contract or period of OBLISERV. Time served at the academy concerned is also counted as active duty for the purpose of completing the active duty obligation, if incurred, under the terms of the member's enlistment contract whether the member entered the academy from either active or inactive duty.
  - b. It is not counted toward completion of the active duty, which is required for exemption from induction under the Military Selective Service Act (MSSA). Selective Service regulations provide that individuals will not be inducted for active duty if they are either performing satisfactorily in the Ready Reserve or have completed 6 years of satisfactory service in a Reserve component and have been discharged.
